

## International Society of Hematology (ISH) Travel Award

March 12, 2014

Dear Professor Chang Kian Meng,

It is our great pleasure to announce that abstract submission for the 35th World Congress of International Society of Hematology (ISH2014) is now open.

Twenty five Travel Awards will be available for all participants who under the age of 45. The travel award is 500\$. In addition, the recipients will also be granted for the opportunity to present at the meeting without registration fee and will have a chance for oral presentations. The accommodation for 3 nights will be free.

This Travel Awards aims to encourage young researchers worldwide to participate in the meeting who will be given the opportunity to communicate and exchange discussions with the international delegates as well as with a wide variety of scientists across the world in the field of hematology for their potential future collaborations.

We highly appreciate your attendance and would like to ask you for kind help to spread the information of this meeting to your society members.

We hope many members of your society are interested in this congress and enjoy this upcoming congress.

Your contributions will not be only mutual benefits but also help to make this event a great success.
