## COVID-19 and VTE

**China, the original forefront of fighting COVID 19, what have we learned and how do we manage VTE risks for our patients**

- > All you need to know about COVID 19
- > COVID 19, is there a heightened VTE risk for select patients? Learnings from China

### CHAIRPERSON FOR SESSION 1:

#### Assoc Prof Ng Heng Joo

MBBS, M Med (Int Med), MRCP (UK), FAMS, FRCPath (UK), Adj Associate Professor (DUKE-NUS)  
Senior Consultant & Head, department of hematology at Singapore General Hospital

Dr Ng received his early medical training at the National University of Singapore and then served in Malaysia before qualifying as an internal medicine specialist. He then joined the Department for his advanced specialty training in haematology before pursuing subspecialty training in coagulation, a branch of haematology dealing with blood clotting and bleeding disorders.

He is currently the Head of the Hematology Department at Singapore General Hospital.

Dr Ng has a special interest in thrombotic and bleeding disorders. His research activities cover clinical aspects of managing these patients and laboratory diagnostics into coagulation disorders.

### CHAIRPERSON FOR SESSION 2:

#### Adj Assoc Prof Tan Wei Chieh Jack

MBBS (S'pore), M Med (Internal Medicine), MRCP (UK), FAMS, ACSM, FAsCC, APSIC, FESC, FACC, FAPSC, MBA  
Senior consultant and deputy head, department of cardiology at the National Heart Center Singapore  
President of Asian Pacific Society of Cardiology and International Society of Cardiovascular Pharmacotherapy

Dr Jack Tan is doubly accredited for cardiology and intensive care medicine in Singapore. He is the deputy head of cardiology and director of the coronary care unit at the National Heart Centre Singapore and the head of cardiology at Sengkang General Hospital. He is an interventional cardiologist and holds adjunct associate professor appointments at Duke NUS, LKC and lecturer appointment at the Yong Loo Lin Medical School. He was selected for a scholarship for the executive MBA course and graduated in the Dean's list for his cohort at the Singapore Management University.

Dr Jack Tan is the immediate past president of the Singapore Cardiac Society and previous continental chair of the WHF. Currently he is an executive board member at Singapore Heart Foundation and APSIC (Asian Pacific Society of Interventional Cardiology). He is the standing president of APSC (Asian Pacific Society of Cardiology) and president elect of ISCP (International Society of Cardiovascular Pharmacotherapy).
